

Martijn Meester

Associate Technical Architect

With Mecanoo since 2003

Professional qualifications Bachelor of Architectural Engineering, Hogeschool Rotterdam (2001)

"A building is successfully delivered when it is intuitively used as designed."

As an architectural engineer and project leader, Martijn has been involved in a large number of complex projects, including the Library of Birmingham, Rabobank Westelijke Mijnstreek Advice Centre in Sittard, Fontys School of Sport Studies in Eindhoven, and the Life Sciences Incubator in Utrecht. Internally Martijn is responsible for knowledge distribution, the coordination of engineering interns and the management of various technical programs.

Martijn focuses on public and cultural projects with high impact on society. His extensive experience includes smaller scale projects like the Bloomberg offices, NL, to large scale buildings as the New York Public Library and the Martin Luther King Jr. Memorial Library, US, Library of Birmingham, UK, and Rabobank Advice Centre, NL. Relying on a combination of technical and soft skills, Martijn can easily adapt to the changing needs and demands of the project. His versatility makes him suitable for a variety of roles, from project leader for the LocHal library in Tilburg to more technical positions within the Mid-Manhattan Library project in NY. Martijn's management style is people-oriented and relies on transparent communication. His dedication to engage effectively across boundaries also carries over to streamlining the Mecanoo campus communication.

Selected projects

New York Public Library, US
Size: 68,500 m²
Year: 2015 - 2019

Martin Luther King Jr. Memorial Library, Washington D.C., US
Size: 43,000 m²
Year: 2014 - 2019

LocHal, Tilburg, NL
Size: 7,000 m²
Year: 2016 - 2018

Pavilion Château St. Gerlach, Valkenburg aan de Geul, NL
Size: 1,400 m²
Year: 2014 - 2016

Student Campus Hotel, Rotterdam, NL
Size: 9,500 m²
Year: 2014 - 2016

Life Sciences Incubator, Utrecht, NL
Size: 9,570 m²
Year: 2014 - 2015
