

Hanneke Hollander

Associate/Director of Business Development

With Mecanoo since 1998

Professional qualifications MA in Cultural Sciences, Open University Netherlands

“Architecture is not about design alone. For a healthy business practice keeping an eye on developments around the world is essential, as well as a clear communication of Mecanoo’s core values - designing for people. That is what we try to bring to the forefront with all activities of Business Development and Public Relations.”

Hanneke has been working for Mecanoo since 1998 and is responsible for day-to-day management of the Business Development and Public Relations team. Researching market opportunities, developing BD strategies, client and consultant communication and making tender submissions are the main tasks of the BD team. She contributed on many winning tender submittals, such as the New York Public Library, US; Library of Birmingham, UK; Martin Luther King Jr. Memorial Library, Washington DC, US; Manchester Engineering Campus Development, UK; Eurojust (EU Agency) in The Hague; Delft Municipal Offices and Train Station; Amsterdam University College; and the Noorderpoort vocational training College in Groningen, amongst others.

Hanneke played an important role in the realisation of several Mecanoo publications, such as People Place Purpose (2016), Dutch Mountains (2011), Mecanoo (2009), Composition, Contrast, Complexity (2001) and TU Delft Masterplan (2000).

As project leader she worked amongst others on the exhibition Mecanoo Blue, Composition, Contrast, Complexity for the 4a Bienal Internacional de Arquitectura, São Paulo in 1999 (4a Bienal Internacional de Arquitectura’s Award).
